

A values-based approach to the UN Global Compact within AngloGold Ashanti

Jessica van Onselen
AngloGold Ashanti
21 – 22 October 2008

Global, diverse, complex, changing

Institutional standard and assurance initiatives

Global Reporting Initiative

Voluntary Principles on Security and Human Rights

The Council for Responsible Jewellery Practice

International Council for Mining and Metals

Extractive Industries Transparency Initiative

The Initiative for Responsible Mining Assurance

The starting point... Our values and business principles...

we treat each other with dignity
and respect

Making the Global Compact part of everyday decisions...

Making the Global Compact real....

To keep asking:

- How do we make business decisions?
- Are they aligned to our Values at all times?
- And how can we do it better?

Thank you.
