1. **Improved Security Feature Launched for Local Networks on Global Compact Website**

A new feature has been launched in the administration area of the Global Compact website. This feature will allow Local Networks to sign-in as a participant contact point without needing to enter the individual’s password. You are now able to access the dashboard area of your contact points to make modifications and updates. This is the same level of access that you would have with the participant’s password, however we will no longer need to provide you with that information. This update has been made in the interest of heightening the level of security around our participant database.

In your dashboard area you will now see a new tab: "Sign-in as contact point". Here you can search by either organization name or the name of the contact point. When you are logged in as a contact point, to exit you will need to sign-out then sign back in as yourself.

*If you have any questions regarding this new feature please contact rmteam@unglobalcompact.org.*

2. **Caring for Climate Business Forum (7 – 8 December, Paris)**

**Registration** for the [Caring for Climate Business Forum](http://bulletin.unglobalcompact.org/t/r-2C6AE8E392B7E96A2540EF23F30FEDED) at COP21 (7-8 Dec, Paris-Le Bourget) **closes on 25 November**. To ensure participants from all over the world are represented, we are counting on Local Network support and ask networks to encourage all members to register and confirm their own attendance. Kindly note:

- One Local Network representative will receive complimentary registration and may bring one Local Network colleague free of charge.
- Companies that have already been invited to the Caring for Climate Business Forum can register [here](http://bulletin.unglobalcompact.org/t/r-2C6AE8E392B7E96A2540EF23F30FEDED). Companies that would like to attend or nominate a replacement should contact [forum@caringforclimate.org](mailto:forum@caringforclimate.org)
Engagement Opportunities

1. Call for Inputs: Draft Proposal on SME Engagement
The Global Compact welcomes input on the draft proposal on SME Engagement, which can be accessed through the KSS (at the bottom of the page), from all Local Networks by Monday, 30 November. The SME Engagement Project has provided a wealth of information and is the foundation for the current draft. This document attempts to offer a simple, yet comprehensive, proposal that reflects all of the perspectives that emerged in the consultative process. The draft was reviewed by the LNAG and the SME Engagement Task Force. The final proposal will be presented to the Global Compact Board at its January 2016 meeting.

For questions, please contact Ms. Ana Blanco (blanco@unglobalcompact.org).

Webinar

1. Supply Chain Webinar: Introduction of the Supply Chain Toolkit (16 December, 8:00am EST and 8:00pm EST)
The Global Compact Supply Chain Sustainability team is planning to launch a toolkit that enables Local Networks to conduct workshops for their members on the challenges and opportunities of supply chain management. This toolkit will include resources designed to help Local Networks customize workshops for the needs of their participants and their regional and local context. The Supply Chain Sustainability team will be conducting a webinar to present this project to Local Networks, give further details and solicit feedback on Wednesday, 16 December at 8:00 AM EST and 8:00 PM EST. Your participation in either of these webinars is welcomed; please register here for the 8:00 AM EST webinar or here for the 8:00 PM EST webinar. Project Overview.

If you have any questions, please contact Ms. Elena Bombis (bombis@unglobalcompact.org).
