Every year, VAPTSAROV HOLDING's personnel volunteer and participate in charity campaigns especially for homes for abandoned children, children with disabilities and elderly people situated in the city of Pleven.

Traditionally every year all the companies of VAPTSAROV HOLDING join the initiative 'Volunteer Days' of the American Chamber of Commerce in Bulgaria.

An action to paint and repair the fence of the home for abandoned children Detelina in Pleven was organized on 16.05.2009.

The company provided funds to purchase all the necessary materials and its employees did voluntary work and put all their efforts in creating more comfortable places for children to play.

In 2010 company's personnel once again supported with voluntary work the Daily Center for children and elderly people with mental disabilities BALIŽ, city of Pleven.

The initiative on 23 10 2010 included painting the doors and walls of the dormitory at the Daily center. The purpose of the campaign was to help and provide hospitable, colorful and comfortable home for the little children. The company provided all the necessary materials and 13 volunteers participated in the initiative.

In the begging of November 2010, VAPTSAROV HOLDING willingly responded to the cry for help of the Home for medical and social cares for children from 0 to 3 years in the city of Pleven. A donation box was prepared where all the company's personnel were asked to donate money from their hearts in order to raise the required amount of money to purchase children aspirator.

This device is of vital necessity and serves to provide access to children's lungs in cases of suffocation. As the babies still have no reflexes, they need help in cases of suffocation so their nose to be opened.

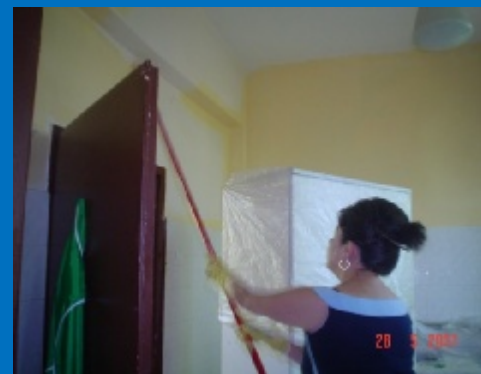

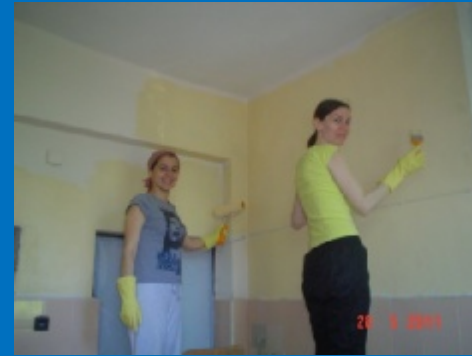

As a result of this campaign the required amount was raised and sent to the Home for medical and social cares for children from 0 to 3 years in the city of Pleven.
