UN Global Compact

AkzoNobel has been a signatory of the United Nations Global Compact since 2004. The Ten Principles of the UN Global Compact are included in the [AkzoNobel Code of Conduct](#). The way in which we support and enact the principles are included in the relevant section in the [AkzoNobel report](#) and [website](#).

The Ten Principles

The UN Global Compact's ten principles in the areas of human rights, labour, the environment and anti-corruption enjoy universal consensus and are derived from:

- The Universal Declaration of Human Rights
- The International Labour Organization's Declaration on Fundamental Principles and Rights at Work
- The Rio Declaration on Environment and Development
- The United Nations Convention Against Corruption

The UN Global Compact asks companies to embrace, support and enact, within their sphere of influence, a set of core values in the areas of human rights, labour standards, the environment and anti-corruption.
