Greetings

Your Excellency

Dubai Multi Commodities Centre (DMCC) is a vibrant Free Zone with almost 14,000 member companies and was named the No.1 Free Zone in the world, for two years in a row by the FDI magazine. DMCC also sustains a commodities trading eco-system which spans precious metals, diamonds, tea, coffee, pulses and other agri industries.

Sustainability is at the core of everything we do Our people are the cornerstone of our success. We believe in our ability to improve lives throughout our interconnected networks and spheres of influence.

We affirm that DMCC supports the ten principles of Global Compact on human rights, labour, environment and anti-corruption, with this communication, we express our intent to implement these principles. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. DMCC will make a statement of this commitment to our stakeholders and the general public.

We recognise that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) which describes our company's efforts to implement the ten principles. We commit to reporting on progress within one year of joining the Global Compact and annually thereafter, according to the Global Compact COP policy.

We believe that a CSR Roadmap is a process of continuous improvement and we are committed to this journey. We have already initiated engagements with the local network and we are committed to creating a sustainable platform which will meet the goals of Global Compact.

Yours sincerely
