Dear Mr. Secretary General,

I am pleased to confirm that **Croatian Association of Women in Legal Profession** supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anticorruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: by promoting improvement and affirmation of woman in legal profession, judiciary, corporate world and in legal system in general and by acting as a unified voice for its members with respect to issues of significance to women in legal profession and to women in general.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,
