Letter of Commitment

Dear Mr. Secretary-General,

I am pleased to confirm that Metroselskabet I/S support the ten principles of the Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of Metroselskabet I/S and to engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Metroselskabet I/S will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress – COP – that describes our company's efforts to implement the ten principles and support any specialized UN Global Compact issue platform that Metroselskabet I/S may join at a later date. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy. This includes:

- A statement signed by our Chairman of the Board and our CEO expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the Global Compact.
- A description of practical actions that Metroselskabet has taken or plans to undertake to implement the Global Compact principles in each of the four issue areas – human rights, labor, environment and anti-corruption.
- A measurement of outcomes.

Sincerely yours,

Mr. Henning Christophersen
Chairman of the Board
